

SAY!

(By CHARLES J. ARBOLD)

To have ones good intentions go amiss, is what I would call fate. One of my most ambitious desires at the Yuletide season, was to make happy, Jack Davis, my favorite barber, and, so, after hours of deliberation I decided on sending him a gift which would be in keeping with his vocation, and, at the same time economical. Only a few days before I had noticed advertised a safety razor and two blades free with every purchase of a two-bit tube of shaving cream. So I hustled out and purchased the shaving cream, being careful not to forget the razor and two blades, which came free gratis for nothing. Tastefully wrapping the Safety razor in becoming Xmas draperies, but keeping the Shaving cream for myself, I mailed it to Jack. But, forgetful as I am, I forgot to enclose my card. Now Jack denies even receiving the gift.

All is not bliss that blisters!!

Take for instance: When ignorance is bliss, 'tis folly to be a blister.

And hundreds of others may be secured by saving the wrappers off any standard make of automobile. Sign your name plainly on the back of the wrapper and mail it at once to either the maker or to the station to which you have been listening. You will be surprised, at the promptness you will receive a circular letter giving you all the details of the wonderful discovery, which will not only remove the film from the teeth but remove the stains from the gums and restore your digestive organs to normalcy. Restore happiness to your life by following the dictates of your conscience—if any. Stamped return envelope must accompany each inquiry.

Who was it who said they did not wear cotton bloomers and cotton stockings any more. Well, who ever it was, is wrong or I am blind. And white garters, too.

I don't know why, but somehow or other when I go to the Timmons Barber shop, I'm just scared to go east of the Davis and Timmons line. I've got a feeling that I'd just better go on growing up with the boys in the west.

Little rays of sunshine
Falling on the snow
Make it soft and splashy
Mushy as you go.

Slush it soaks through leather
Makes feet wet you know
That's why one should always wear
Overshoes in snow.

Rubbers are non-porous
To the slush and wet
Keep the feet all cozy dry
Well worth while, you bet.

But I seldom wear 'em
And there's a reason why
My feet are always wet as sop
When they should be quite dry.

I've got a pair of overshoes
But when in wet I roam
I do not have them on my feet—
I forgot and left them home.

CATCH BANDITS NEAR
CRAWFORDSVILLE SUNDAY

Two youthful bandits who held up the Wayside Inn at New Ross early Sunday morning were captured several hours later in the western part of the county, following a thrilling chase through Crawfordville, during which local officers fired numerous shots at the stolen car the robbers were driving and punctured a tire forcing the youths to abandon the machine and strike out on foot.

Herschel Albert Turner, 21, of Perryville R. F. D. 1 and Arless Oscar Johnson, 18, of 315 Logan avenue, Danville, Ill., were picked up near Waynetown by Sheriff Frann Hitch and Captain Fred Grimes. They were trying to make their escape overland.

Captain Curtin and Officer Sheldon changed tires on the bandit car and brought it back to town. In a few minutes Captain Grimes and Sheriff Hitch took up the chase. As they neared Waynetown they saw a youth walking down the Big Four tracks. They stopped the machine and overtook him. He proved to be Johnson. A few miles further down the road they encountered Turner. He willingly submitted to arrest.—Crawfordville Journal-Review.

RHEA NAMED AS
COUNTY HEALTH
OFFICER MONDAY

COUNTY BOARD OF COMMISSIONERS MAKE APPOINTMENT JUST BEFORE ADJOURNMENT LATE MONDAY AFTERNOON

SUCCEEDS DR. J. A. EGAN

Contract for County Farm Supplies Goes to Flint and Conrad, Greencastle Grocers — Rector Successful Bidder

Dr. Gilbert D. Rhea of Greencastle was appointed as county health officer to succeed Dr. John A. Egan by the Putnam county board of commissioners just before they adjourned late Monday afternoon. Dr. Rhea, who recently located in Greencastle, was formerly head of the Athletic Department of the Greencastle High School.

The new health officer is well known and liked throughout the vicinity, and is well qualified to hold the position. A question arose at the meeting of the Commission board yesterday concerning the term of office for which the former health officer was appointed. Dr. Egan maintained that he had been named for a period of four years, while officials pointed out that it was customary to name a county health officer each year.

Contract for county farm supplies was awarded by the commissioners to Flint and Conrad, Greencastle Grocers and the contract for the burial of pauper poor was awarded Charles Rector, Greencastle Undertaker.

A number of roads for which petitions to build are on file with Auditor W. E. Gill were considered by the commissioners at their meeting Monday, and will be taken up again Saturday. The roads include the Nelson McCullough and others road in Washington township, the Nellie Heber and others road in Washington township and a road in Clinton Township. It is said that there are funds on hand for the building of all three. It is likely that viewers will be named for the roads at Saturday's session.

Other appointments made Monday include the naming of William Sutherland, Greencastle attorney as county attorney and the naming of Edgar Stevenson of Bainbridge as superintendent of the Putnam county poor farm. At the meeting yesterday Glasgow Britton was elected president of the board to succeed Ora Day, who was defeated in the November elections. H. A. Sherrill is the new board member. An unusually large list of claims were allowed.

COUNTY FARM BUREAU
TAKES OVER ELEVATOR

BROWN'S VALLEY, Jan. 6.—The latest addition to the Montgomery County Farm Bureau subsidiaries is the Brown's Valley elevator which was taken over and re-organized in the last few days. The new company will be under the direction of Fred Rice of Waveland. Mr. Rice is an experienced elevator man, having been connected with the Waveland plant for several years.

PNEUMONIA CLAIMS
TWO AT PENAL FARM

John Jackson, age 40 years, died yesterday at the penal farm at Putnamville following a short illness of pneumonia. The body was sent to his home in Springfield, Ohio. His death was followed by the death of James M. McIntosh, age 27 years, who was sent to the institution from Evansville. He also died of pneumonia. His wife and sister came this morning and claimed the body and Mr. McIntosh was sent to Evansville at noon today.

THE WEATHER

Partly cloudy, slightly colder, east tonight; increasing cloudiness, Wednesday and somewhat warmer followed by rain southwest.

CHAPEL SPEAKER

PRESIDENT W. L. BRYNARSKI

The feature of the chapel programs for this week at DePauw university will be Thursday morning's service when Dr. William Lowe Brynarski, president of Indiana university will be the speaker. His subject has not been announced.

In order to give the visiting president additional time, five minutes will be cut from each morning class so that chapel will begin at 10:40 a. m. instead of 11 o'clock as customary.

President Oxnham has been a frequent speaker at Indiana university with whom DePauw has exchanged frequent convocation programs. A filled auditorium will greet President Brynarski as he is quite popular with the student body at I. U. and doubtless many townspeople will also want to hear him.

President Oxnham will return to the campus late today or early Wednesday and will conduct the chapel services for Wednesday and Friday mornings.

GILL SUGGEST
JOINT JUDICIAL
CIRCUIT PLAN

COUNTY AUDITOR PROPOSES METHOD BY WHICH TAXATION MAY BE REDUCED—SAYS ATTORNEYS APPROVE PLAN

The Indiana Tax Survey Committee has wisely suggested consolidation and merging as a means of saving to the tax payers. Why not merge two or more of the smaller counties into a single judicial district. Putnam and Clay were once joined. They were separated in 1911 and it is estimated that the court business has since decreased 50 per cent. The judge from either county can be sitting on the bench in the other in thirty minutes owing to quick transportation. The attorneys are well nigh unanimous that in the interest of economy this should be done. Others have said that they should never have been separated. This is the suggestion of Willis E. Gill, Putnam County Auditor.

The merging of these two counties alone would save the tax payers at least \$6,000 a year. There are no doubt many other counties in the state that should be so merged. It is a conservative estimate that \$150,000 could be saved. When it is well known that thousands of farmers are toiling twelve to sixteen hours per day and lying awake half the night wondering where the money it to come from to pay their interest and ever increasing tax, and when it is common for fairly good farms offered in the delinquent tax sales go without a bid it is high time that all such leaks should be stopped. Business concerns everywhere, large and small, often find it necessary to decrease their force or go to the wall. The path of history is strewn with the wrecks of nations because they blindly ignored such situations, refusing to apply the simplest business methods to their public affairs. All of which greatly increases the criminality in making no effort to relieve a serious situation that threatens our fair land with a like disaster, according to Mr. Gill.

SAYS PUTNAM COUNTY IS FORTUNATE IN HAVING SO FEW NUMBER OF CASES OF COMMUNICABLE DISEASES—MANY MORE REPORTED IN ADJOINING COUNTIES

SHOWS FILM TO SCHOOLS Pupils of County Schools See Moving Pictures Dealing With Health Subjects Disease Charts Are Issued

In her regular monthly report filed with the Putnam county Tuberculosis Association today, County health nurse Mary Agnes Miller states that Putnam county is particularly fortunate in the small number of cases of communicable diseases reported in comparison with neighboring counties.

The report reveals that Miss Miller has done considerable work among the children of the Putnam County schools. In addition to making regular inspections of class rooms she has supplied every school in the county with a communicable disease chart, many of which have been framed.

A number of films on health have been shown in schools where electricity was available. The titles of the films are "Prevention of Diphtheria," "Posture," "The Value of Sunshine," and "Dental Hygiene." The schools where these films were shown were Cloverdale, Belle Union, Reelsville, Russellville, Fillmore and Greencastle.

The report follows:

CEMENT MILL
WINS NATIONAL
SAFETY AWARD

LONE STAR PLANT AMONG THREE IN HOOSIER STATE TO GET HANDSOME CAST STONE MONUMENT FOR ACCIDENT PREVENTION WORK

DELEGATES TO WASHINGTON

To Receive Awards At Hand of Government Officials—Campaign Was Led By Superintendent R. J. Elledge

Indiana again comes to the front in industrial affairs with the announcement that highest honors in the American cement industry have been awarded to three of the cement mills of the state for operation throughout 1929 without a single lost time accident. This announcement made today at the general offices of the Portland Cement Association, states that during the year just closed no workman at any of the three plants has missed as much as a day's pay through accidental injury.

The winning industries include the plant of the Lehigh Portland Cement Company at Mitchell which made the first perfect one year safety record in any cement mill in 1927; the plant of Lone Star Cement Company at Greencastle and that of the Wabash Portland Cement Company at Stroth. As a result of the outstanding record of the three Hoosier plants, Indiana takes her place as one of the leading states in efficiency and safety of cement manufacture, and the plants at Greencastle and Stroth will be presented with handsome cast stone monuments, designed by the Art Institute of Chicago, to be erected at the factory entrances. The Mitchell plant, which received its monument previous to, is to have a new inscription engraved on it.

Two delegates elected by the workmen of each of the three plants will be invited to journey to Washington, D. C. at the expense of the Portland Cement Association to formally receive the award at the hands of high government officials and in the presence of leaders of the cement industry while in convention there.

William H. Weltknecht, superintendent and H. H. Pankhiser, assistant superintendent, led the successful campaign of the workmen at Mitchell, William Moeller, general superintendent and John O'Callaghan, assistant superintendent and R. J. Elledge, superintendent, planned the program which brought success to the cement men at Greencastle; H. S. Jennings, secretary and Glenn Hall, superintendent, headed the accident prevention activities at Stroth.

C. C. WYSONG OPENS
OFFICE IN CAPITOL CITY

INDIANAPOLIS, Ind., Jan. 6.—Clarence C. Wysong, former state insurance commissioner, yesterday opened a law office at 722 Circle Tower.

Mr. Wysong, who resigned Jan. 1 as insurance commissioner, said that he will specialize in insurance law. He was appointed for the state job by former Governor Ed Jackson. Previously he had been Marion county attorney for the poor and a practicing lawyer in Indianapolis.

He is a member of the state armory board and is a lieutenant colonel in the Indiana National Guard.

Mr. Wysong was graduated from the Indiana university school of law in 1911. Previously he attended DePauw university two years.

During his incumbency as state insurance commissioner he was elected president of the National Convention of Insurance Commissioners.

Mr. Wysong's term expired Oct. 1, but Governor Harry G. Leslie did not select his successor until Jan. 1. John C. Kidd, veteran Brazil insurance man took over the state post.

Mr. Wysong is a former resident of Greencastle.

M'GINNIS CASE

LOYD M'GINNIS OF NEAR FILLMORE SEEKS POSSESSION OF CHILD GRANTED TO WIFE BY CIRCUIT COURT FOLLOWING DIVORCE

BULLETIN

Judge James P. Hughes in the Putnam circuit court this afternoon found for Martha Glidewell McGinnis, and she will be permitted to retain custody of her small son. The father Lloyd McGinnis sought custody of the child in a suit to modify a divorce decree heard in the circuit court today. The defense rested its case at about 2:15 o'clock this afternoon, and a few moments later Judge Hughes gave his decision.

The case of Lloyd McGinnis of near Fillmore against his former wife, Martha Glidewell McGinnis to modify divorce decree went on trial before Judge James P. Hughes in the Putnam circuit court this morning. McGinnis, who resides with his parents at their farm home near Fillmore, asks custody of the small son of the couple which was awarded the mother at the time of the divorce last year. Following the granting of the decree of divorce McGinnis was ordered to pay the mother \$2 a week for the support of the child. In this McGinnis failed, and was tried for child neglect in the Putnam court this summer. He was acquitted on condition that he make a number of payments.

McGinnis seeks to have the decree modified as he says he can not meet the payments as he is out of work. He alleges, however, that he can provide a good home for the child at the home of his parents near Fillmore.

A number of witnesses were called by both sides. The mother was represented by Marshall D. Abrams and S. A. Hays, Greencastle attorneys and C. C. Gillen represented McGinnis.

Funeral services will be Thursday afternoon at 2 o'clock at the Cloverdale Methodist church with burial in the Cloverdale cemetery.

The widow and four children, Richard, Jean, Margery and Robert, the father Ed. Clearwaters, a Cloverdale merchant and a brother, Ivan, survive.

Mrs. Gertrude Werneke has gone to Brazil called there following the death of an aunt.

SHORT COURSE
GETS UNDERWAY
HERE TUESDAY

MANY ATTEND MEETING HELD IN COUNTY COURT HOUSE AND IN THE HIGH SCHOOL AUDITORIUM THROUGHOUT THE DAY

INTERESTING PROGRAM

Annual Event to Close With Banquet Wednesday Night in Methodist Church—Home Talent Show For This Evening

The annual Putnam county Purdue university short course got under way this morning with a large class of men meeting in the Assembly room of the Putnam county court house and several women gathering in the Greencastle high school auditorium. Two Purdue extension speakers are on the program for the men and two for the women. They are Miss Aneta Beadle, Miss Blanche Zaring, K. E. Beeson and G. A. Williams.

A banquet Wednesday night will close the program. Men and women will combine for the evening programs, the first of which will be a home talent concert in the high school gymnasium, and the second a good will banquet in the Methodist church.

Feeding the Children
"Children are little growing animals, building both physically and mentally. They need the right kind of building material. This building material is furnished to them by means of the food that they receive, and it is therefore very important that they should be given the proper food," declared Miss Aneta Beadle of the Purdue Agricultural Extension Department, in a thoroughly practical and interesting demonstration before the Putnam-Purdue Short Course in the high school building.

During the course of the demonstration Miss Beadle explained to an interested audience that plenty of fresh fruits and vegetables, keeps the human machinery in working order and helps to build strong bones and teeth. The whole grain cereals have much the same food value as the vegetables and fruits, and in addition furnish heat and energy. Energy is especially necessary for a child who is active. Every child should "eat" a quart of milk a day, as milk contains the essentials necessary for growth and health.

When Someone is Ill

Another of the splendid demonstrations given by Miss Beadle, as a part of the short course home economics program, was "When Someone is Ill." Only a small portion of the sick can be cared for in hospitals where there is every facility for care and comfort, yet the loved ones of every sick person would do all that they possibly can for the patient. Lacking training there are some things that often might be done that are not done. Miss Beadle showed in her demonstration a number of ways of making a patient comfortable and increasing the chances of recovery. One of the audience was used to serve as the patient. The necessary sick room equipment that is found in every home was at hand to make the demonstration real. Such things as changing bed clothing, washing the patient, caring for the hair and administering food were actually demonstrated. After seeing this demonstration, anyone would "certainly feel more confident of being able to minister more effectively to sick ones in the home." This demonstration alone, it was stated by one of the women attending the class, "was far more than worth all the effort it took to attend the short course." The interest in this subject was plainly seen, since there was in the room a tenseness and a silence that suggested experiences many present had had in sick rooms, and a desire on the part of all to be posted as to how best to care for the sick and helpless.

FILES CROSS COMPLAINT IN DIVORCE SUIT

MAKES GRABE CHARGES AGAINST HUSBAND—NADINE BARTLETT CHARGES THAT C. L. BARTLETT BEAT HER AND SPORE AT HER

Alleging that throughout their married life her husband beat her and swore at her, and frequently ordered her to take her property and leave his home Nadine Bartlett filed a cross complaint against her husband, Cornelius L. Bartlett, in his suit for divorce filed in the Putnam circuit court several days ago.

Mrs. Bartlett asks that she be granted a divorce on her cross complaint, and \$100 for attorneys' fee. She alleges that her husband is employed in Greencastle as an automobile mechanic and earns about \$35 a week. She further states that she is incapable of earning more than \$10 a week, and at present she is unemployed.

The couple were married in January, 1924 at Martinsville and were separated on September 3, 1930. In his suit for divorce Bartlett charged his wife with desertion and cruel and inhuman treatment. In her reply the wife says that she left the home of Bartlett at his request. At present she is residing at the home of her parents near Belleville.

In addition to charging her husband with beating her and ordering her to leave Mrs. Bartlett alleges that while they cohabited together Bartlett made frequent trips to Martinsville for the purpose of seeing another woman.

This is an encouraging sign that perhaps we will profit by the past and settle our political problems by the ballot rather than the bayonet? Both the democratic and republican parties are on trial in Indiana as they never have been before and their attitude toward such questions in the coming legislature will be closely watched by the most lovely of the people who are in such sore need. They may not be heard in the aisles or the corridors of the legislative chambers where the selfish so often have had their way, but they will be heard when their voice will spell the doom of those who are unfaithful to their trust, is his prediction.

SLATE FALL TRAPS MEN IN WEST VIRGINIA BLAST—MINERS ESCAPE AFTER DISASTER MILE AND HALF UNDERGROUND

BECKLEY, W. Va., January 6.—Four miners were killed and four others were unaccounted for today in an explosion in the Glen Rogers mine of the Raleigh Wyoming Coal Mining Company. The explosion occurred in a part of the workings a mile and a half underground.

Rescue workers brought out four bodies and were digging through falls of slate in search of the four men missing. Officials of the mining company described the explosion as "local" in character.

The four bodies brought out were found in the first north entry. The other four men were believed to have been working in the second north entry.

The mine is in Wyoming county, thirty miles from Beckley.

Between forty and fifty men were in the mine at the time of the blast, but all except the eight escaped safely to the surface.

Officials said they did not know how long it would take to plough through the slate falls to reach the place where the missing men were believed to have been working.

The Glen Rogers mine was described by R. M. Lambie, chief of the West Virginia department of mines as "extremely gaseous," but protected by rock dust.

INDIANAPOLIS, Dec. 6.—Receipts—Hogs, 7,000; cattle, 1,500; calves, 700; sheep, 1,000.

Hog prices early today at the local live stock market were 5c to 10c higher with weights of 180 pounds down, including pigs at \$8.20; top, \$8.25; 200 to 280 pounds, \$8.75 to \$8.15; heavier kinds \$7.25 to \$7.50; sows, \$6.75 down.

Cattle trading was slow with the bidding lower and asking higher; calves 50c lower, \$12.50 down.

Sheep were steady lambs \$8.75 down.

ROWBOTTOM FACES POSTAL JOB SALE QUIZ

WASHINGTON, Jan. 6.—United States Attorney George R. Jeffrey of Indianapolis will be aided by a special prosecutor from Washington in investigation of irregularities in post office appointments in the First (Indiana) district, the department of justice said today.

The postoffice department Monday dismissed four postmasters and a rural mail carrier in that district embracing southwestern Indiana, represented in congress by Representative Harry E. Rowbottom, Republican.

The department's announcement said it had evidence of payment of money to a congressman whose name it withheld in connection with obtaining the appointments.

The evidence laid before Postmaster General Brown indicated that the five, one of whom is a woman, had "bought" their posts. Those removed are: Otto Wellbrenner of Mt. Vernon, who was Rowbottom's manager in the campaign last year which resulted in the representative's defeat for re-election. Philip E. Rowe, who last July terminated five years service as Mt. Vernon's postmaster, was named as acting postmaster.

William E. Davisson, Petersburg postmaster, succeeded by Omar Kennedy.

Mrs. Helen Roetzel, Boonville postmaster, succeeded by Fred Johnson.

Ross Wibel, rural mail carrier, Dale.

With the prospect that a whole sale investigation would be launched by Representative John Boehne, Jr. (Demo., Evansville), who was selected to succeed Rowbottom which would discredit the organization in the First district, Benjamin F. Huffman, the Republican chairman, went to Washington three weeks ago and asked for a probe.

Huffman was accompanied by Gus Schermerhorn, also of Rockport. Their charges were so specific that accompanied by Senators James E. Watson and Arthur R. Robinson they visited the Postmaster-General Brown and laid the evidence before him.

Investigators were immediately sent to the "pocket" and within three weeks had gathered sufficient evidence to cause the dismissal of the five and possible criminal action against Rowbottom.

At his home in Evansville today, Rowbottom denied irregularities and declared: "I know nothing about the matter and have no statement to make".

This was his only statement.

SOCIETY

Blanche Pickle of Ladoga Weds Howard Coffman

Miss Blanche Pickle, daughter of O. B. Pickle of Ladoga and Mr. Howard Coffman, son of Mrs. Bessie Coffman of Roachdale were united in marriage New Year's morning at 10 o'clock at the Presbyterian parsonage at Ladoga with Rev. V. D. Ragan reading the ceremony.

Mr. Coffman is a young farmer and Mrs. Coffman formerly owned a millinery store here and later was in the millinery and cloak department in Graham's store in Crawfordsville.

Mr. and Mrs. Coffman are at home on a farm just north of town.

Roachdale Club Elects Officers

A very delightful meeting of the Roachdale Home Economics club was in the library Saturday afternoon when the following officers were elected: President, Mrs. Alma Isbell; vice president, Mrs. Eleanor McMullen; recording secretary, Miss Ruth Cunningham; corresponding secretary, Mrs. Maude Stroube; treasurer, Mrs. Retta Silvey.

A brief musical program was given by Miss Jean A. Hutchins with Miss Blythe Archibald at the piano. A true Indian story written by Mrs. Jessie Pearce's mother, who witnessed the whites being massacred in Minnesota was read by Mrs. Kate Anderson. Mrs. Pearce could not be present on account of illness in the family.

Responses to roll call were New Year's resolutions.

Dainty refreshments were served by the following hostesses: Alma Isbell, Anna Jeffries, Nettie Jeffries, Mary Hostetter, Mary Kuser, Iva Leaton.

Morning Musicals to Meet With Mrs. C. W. Otis

The Morning Musicals will meet Wednesday morning at 10 o'clock with Mrs. C. W. Otis, 318 Greenwood avenue. Miss Louise Walker will have charge of the meeting.

The L. F. F. Bridge club will meet Wednesday evening at the home of Mrs. Ora Krider, Berry street.

Girl Reserves Meet Monday

The Girl Reserves met last evening for their regular meeting. During the business session the president reported on the meeting of the cabinet on January 2. Plans were made for recognition service to be conducted on January 12.

A motion was carried to sponsor a penny milk fund at the high school to furnish milk for several small babies whose fathers are unemployed.

Plans were discussed for means of raising money for a summer conference fund. Instead of a program a rehearsal of the recognition service was held.

Faculty Women's Club Has First Tea of 1931

Mrs. H. E. H. Greenleaf was chairman in charge of the tea for the January meeting of the Faculty Women's club which was Monday afternoon in Evans Hall at 3 o'clock. Mrs. H. A. Gobin presided at the tea table which was very attractive with pink lighted tapers and pink roses. About 50 were present.

Manhattan Teacher Weds Terre Haute Man

Miss Odessa Hodshire of Manhattan, daughter of John Hodshire and teacher in the Manhattan school and Clyde Volkers of Terre Haute were married Saturday in Indianapolis. Mr. Volkers is a graduate of Indiana Teachers College and is widely known as a naturalist.

New Officers in Charge at Club

Mrs. James Zeis entertained the Monday club at her home on Spring avenue Monday afternoon. Nineteen members and one guest were present. The new officers for the year were in charge. Mrs. R. L. Pierce had charge of the program. She read a short story entitled "Backing Up a Christmas Wish." Mrs. Charles Rector read two interesting articles, "Turning Life's Pages" and "Looking Both Ways from New Years." Mrs. Lee Reeves read an article by Mrs. Felix McWhirter. During the social hour delicious refreshments were served by the hostess.

FACTORY LEAVES BRAZIL: MANY OUT OF WORK

BRAZIL, Jan. 6.—The Tegge-Jackman Cigar Co., factory of south Walnut street, employing three men and 191 women and girls, was moved out today when all the equipment was shipped to Frankfort, Ind., and Detroit, Mich., and the factory here is no more. Incidentally employment for the three men and 191 girls and women is taken away.

Supt. N. T. Gilmore, it is understood, goes to Frankfort and Herbert H. Boyd has also been offered employment with the company at Frankfort.

The Tegge-Jackman Co., recently purchased the large brick building and equipment of Bankable Cigar Co., at Frankfort, with another plant, at Lebanon, not running at this time, and is concentrating their operations at the big Frankfort plant. This was a bad break for Brazil as the factory is appreciated here giving employment to persons, not heads of families but was a good "feeder" for the family pocketbook.

TAX COLLECTORS TO START WORK HERE SOON

County Treasurer Gilbert Ogles said today that two collectors from the state tax board would be in Greencastle this week end and start working on the collection of the delinquent taxes.

Accept these gifts with our compliments

DO YOU think of your newspaper merely as a means of finding out what the famous people in the world are doing, saying, thinking? As an impersonal record of events which do not concern you at all? We have something more than that to offer you. For instance:

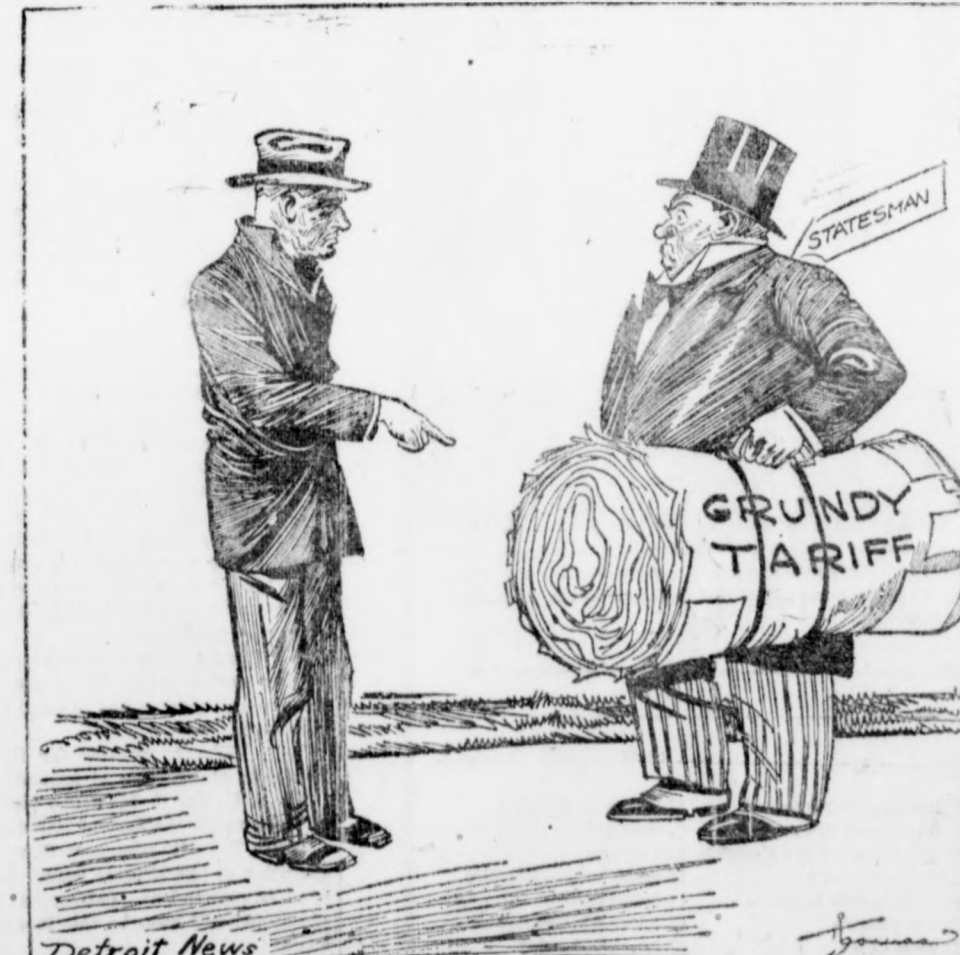

Please accept today with our compliments these things, which you'll find in our pages: New and better ways of performing old household tasks... means of saving steps, time, effort... labor-saving devices... short-cuts to efficiency... money-saving. "Why," you say, "you're probably talking about the advertisements!" Just so—we are.

Think of the advertisements—and read them—as news. News of the world of goods and things... news of scientific achievement accomplished for your benefit... news that concerns you far more directly than an account of boundary disputes in Baluchistan can ever concern you.

Read the advertisements regularly, and use them as millions of other people are doing—to save you time, effort, money, trouble, when it comes to buying the things that make life a little easier... a little brighter. Reading the advertisements will keep you in step with the rapidly advancing standard of living in America today.

Every day there's something new in the advertisements as well as on the front page. Be informed on all sides!

WESLEYAN IS WINNER OVER DEPAUW FIVE

LOSES THIRD GAME OF OHIO INVASION BY NARROW MARGIN—RAGSDALE AND EUBANK ARE OUTSTANDING FOR TIGERS

DELAWARE, O., Jan. 5.—DePauw's basketball squad lost a hotly contested game to Ohio Wesleyan here to night by a score of 35 to 31.

Copeland opened the scoring with a free throw, but Bolton put the Bishops ahead with a field goal and then the locals pushed their advantage to 5 to 2. Eubank sank a fielder and a free throw to tie the count. He followed with another basket to give the Hoosiers a 7-to-5 edge.

From this point to the close of the half the teams saw-sawed and the period ended with Wesleyan in front, 14 to 13.

Just before the finish of the session, Copeland, star DePauw guard, was ejected from the game on personal fouls. His ability to grab the ball off the backboard and stop followup shots was missed in the second half. He also was entrusted with the guarding of Gandrup, local star.

Gandrup started the second period

Sure Way to Stop Night Coughs

Famous Prescription Brings Almost Instant Relief

Night coughs, or coughs caused by a cold or irritated throat, can now be stopped within 15 minutes by a doctor's prescription called Thoxine which works on an entirely different principle from ordinary medicines. with a field goal, but Eubank made a basket and a charity throw to knot the count. Ragdale, Eubank and Graham then sent the Tigers ahead 22 to 16, but this margin soon was erased. Gandrup, Glaven and Dickerson led a counter-attack that put the Bishops in front, 29 to 24 with four minutes to play and they went on to win. Lineup and summary:

HARDWOOD HITS

"We're Regusted!"

Brazil, 24; Greencastle, 17.

Ohio Wesleyan, 35; DePauw, 31.

We attended the Sunday school party down at Brazil last night, and in our opinion there was nothing to mar the supreme beauty of the occasion, as the two groups of good little boys played together ever so careful not to hurt each other's feelings.

Of course, there were a few naughty Brazil boys who insisted in putting the ball through the hoop more than their share of times.

Any one with half an eye could see that the Greencastle players were more polite and had no intention of making more than their share of points.

Honestly, Fans, we saw just an ordinary team defeat one of the poorest we have seen on anybody's floor this year. If the Bausmanites continue to play as they did last night they will never get through the sectional.

But do not expect them to play another game just like that one through out the entire year.

That game was unique!

With three minutes to play and the score 24 to 13 against him Bausman took out three of his first string, and the revamped team made a great fight, but the time was entirely too short. They scored twice from the floor in the three minutes while holding Brazil's Red Devils scoreless.

"Jeff" of Lafayette is to invade the lair of the Cubs Friday night, and we are expecting the Cubs to be back in form and to be an easy victor.

We said a few days ago that a Brazil quintet would never be easy for a Greencastle five. We still think we are right, but we have seen a Greencastle team that was a set up for a Brazil aggregation.

"We're Still Regusted."

REELSVILLE

Norman Best is able to be out again after being confined to the house with scarlet fever.

The burial in the Reelsville cemetery Sunday evening of Albert Stoner of Carbon was attended by several from here. Mr. Stoner was 79 years of age and was a brother of George Stoner of Greencastle.

The Sunday school is gaining in number and interest. Every one in the community is invited to come and take part.

Mary Miller is working for Hugo Hendricks at Rosedale at present.

Mr. and Mrs. H. M. Smith visited in Indianapolis the first of last week.

James Barnett, who underwent an operation at the Putnam county hospital is reported as getting along nicely and will soon be able to come home.

BRAZIL FIVE DOWNS TIGER CUBS MONDAY

GREENCASTLE LOSES VERY POOR EXHIBITION OF BASKETBALL ON THE BRAZIL FLOOR MONDAY NIGHT—GROSS, BOLANDER OUTSTANDING

Showing occasional flashes of form the Brazil high school quintet was an easy victor over the Tiger Cubs of the Greencastle High School in a very poor exhibition of basketball on the Brazil floor Monday night. The final score of the tilt was 24 to 17, and the Count at the half stood 12 to 9 in favor of the winners.

Gullifor, Brazil, guard scored on Dawson's foul a few minutes after the start of play, and the Red Devils maintained a safe margin all the way. The quarter ended with Brazil in front 5 to 3. The Brazil boys held a lead of three points or better throughout the entire thirty-two minutes of playing time.

With three minutes to go and the score standing 24 to 13 against his quintet, Coach W. E. Bausman, replaced three of his regulars with second string players, and the revamped outfit managed to hold the Red Devils scoreless, while garnering 4 points for themselves.

While H. Stone and Hurst lead the scoring for the Tiger Cubs their floor work was faulty and they missed many easy shots. Bolander and Gross two second string players looked best for the losers. And Gullifor, Boyer and Noes were outstanding for Brazil.

Well Dressed Windows

"The windows are the eyes of the house, and just as many a plain face is beautiful by bright expressive eyes, so many the simplest home be made infinitely more attractive by well dressed windows," said Miss Blanche Zaring, of the Home Economics Extension Department of Purdue university, in Putnam County Purdue Short Course being held in Greencastle.

A large supply of fabrics were shown to illustrate the numerous possibilities of curtaining and draping all types of windows. It was shown by the speaker, that the type of window treatment used in a room has a close relationship to the exposure, amount of light and air available, height of the ceiling, wall finish and the other furnishings of the room. The general height of the windows depend very largely upon the treatment used.

Some features of special interest and value to the leaders, were the demonstrations of up-to-date methods of making and hanging curtains and draperies, the suggestion for making inexpensive window shades, and a number of novel and effective hand-made trims. A number of fabrics were shown which are durable and very attractive at moderate cost.

Beautifulizing the Bedroom

"The bedroom is intended primarily as a place for rest and therefore should have such furnishings and color schemes as to promote physical comfort and peace of mind," said Miss Blanche Zaring, of the Purdue Agricultural Extension staff, in discussing how to beautify the bedroom at the Putnam County-Purdue Short courses.

Spotting Non-Paying Cows

"The profitable dairy cow is one which will pay market prices for feeds consumed, and labor required to care for her during the year as well as leaving a fair margin of profit after allowing for other items of expense connected with the dairy herd. Many Indiana cows do not pay their way on this basis," declared G. A. Williams, of the Purdue Agricultural Extension Staff, at the Putnam County-Purdue Short Course in the county court house.

The speaker then gave some excellent information on selecting profitable cows. He said that a cow should have the capacity to consume liberal amounts of feed; that she should have a strong constitution; and lastly that the udder be well developed. Although cows having these characteristics are not always profitable, they are usually higher producers than other cows which are deficient in these respects.

Dairy Herd Management

"Successful management of a herd of dairy cows demands more than merely throwing feed into the manger and milking the cows twice daily. It requires careful attention to detail. This is one reason why there are not more high producing dairy herds at the present time," declared G. A. Williams, of the Purdue Agricultural Extension staff, at the Putnam County-Purdue Short Course in the court house this afternoon.

The successful dairyman must know each animal in his herd, continued the speaker. No two cows are just alike. Records are the most satisfactory way with which to observe these differences to advantage.

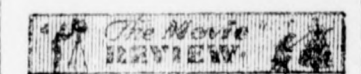

A healthy herd is absolutely essential to success. One of the best ways to secure a healthy high producing herd is to use a good sire from tested ancestors and raise enough calves each year to replace old and low producing cows. To keep heifers thrifty and vigorous requires liberal feeding. They should not be permitted to freshen too young. Young bulls should not be allowed to run in milking herd. The herd should be kept contented and comfortable at all times. Exposure, lack of water or feed should be guarded against. A cow is a creature of habit and a definite system and regular hour of feeding etc., should be followed to get best results from the herd.

Soil Expert Speaks

Every good farming practice is a part of a good fertility program, declared K. E. Beeson of the Purdue university Agricultural Extension Department at the local Short Course in the opening of the soils and crops discussion. Drainage, limestone, fertilizers, manure legumes, good cultural practices were all stressed as essential planks of this program. Increasing the investment in plant food in the soil today is regularly necessary to restore it or maintain its fertility if it is to produce economically under present conditions. Legumes, it was pointed out, are one of the most inexpensive means of building a soil because they more than pay their way in cash returns while adding humus and nitrogen to the soil. Liming is necessary on acid soils to make conditions favorable for acid sensitive legumes like clover, alfalfa and sweet clover. Liming costs are paid back from two to six times in

crop returns before the limestone is exhausted according to experiment field results where the effects of applications of ground limestone are measured.

Japan clover and soybeans are excellent legumes to use on unlimed soils that are too acid for other legumes, so little excuse remains for not using some legume adapted to local soil conditions. They are economical sources of nitrogen, the most expensive of the three common plant food elements in which the soils deficient. Phosphate and potash, the other two elements, returned in manure and commercial fertilizer were stressed because of their deficiency in the average Indiana soil.

VONCASTLE

Unusual Drama Coming to Voncastles

"The Way of All Men"

"Way of All Men" is the name of one of the most unusual film dramas produced for many years. It comes to the Voncastles Theatre Wednesday and Thursday, matinee and night, with Douglas Fairbanks, Jr., and Dorothy Revier in the principal dramatic roles.

The plot-theme refers to the fact that in a prolonged situation of great danger and, as the victims believe, certain ultimate death, masks are stripped completely from the dozen representative humans involved.

"Way of All Men," is in First National's American version, laid in a Mississippi River town, and its characters are trapped underground in a flood caused by broken levees. The characters are all involved in business, religious, political or romantic intrigues, and these all come to dramatic climaxes when they face death together.

The love story itself is entirely "different," for the boy of the story is far from a hero and the girl anything but the old ideal of a heroine. Both are smirched by life and their natures, but in a novel way their love triumphs.

Cottons That Bloom In The Rain

RAINWEAR has now responded to the magic touch of fashion and been quite transformed by the notable improvements in the finishing and styling of cotton fabrics especially for this purpose. No longer will "anything" do for a stormy weather. Rain togs in many of the new cottons may be quite as chic as clothes for sunny days.

The accompanying photograph at the left shows one of the new rubberized cotton tweeds that is wholly appropriate for a stormy day in winter or spring. The collar, belt and cuff straps are of brown material matching the belt and umbrella. The school bag also of tweed makes the ensemble practical for school wear.

The other photograph shows a charming new storm coat of dark green velveteen. This costume is particularly useful for winter wear because of its warmth and comfort—just the thing to have when one is caught in a flurry of snow.
